POST SUPPORTED & WALKWAY CANOPY SYSTEMS

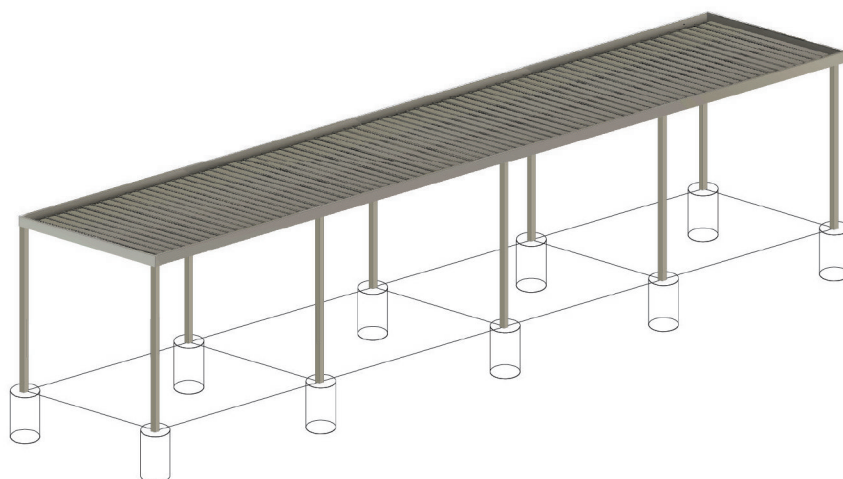

Columbus Awning Post Supported and Walkway Canopy System are designed to provide a high quality, pre-engineered economical solution for both free standing and wall mounted applications. Custom design and structural options meet local building codes for snow and wind load requirements. Free spans up to 20', dependent upon local codes and load requirements, provide excellent protection and desired water management. With a variety of decking and fascia options available, the design can accommodate a variety of budgets and building requirements. Compared to the alternatives, our aluminum gutter systems no-rusting finish and high quality extruded materials offer a complete turnkey solution to satisfy any budget and scope.

CANOPY HIGHLIGHTS

- 360 GUTTER FRAMES AND OPTIONAL WATER MANAGEMENT SOLUTIONS
- ALL EXTRUDED ALUMINUM AND OPTIONAL STEEL FOR HIGH LOAD CAPACITY
- CUSTOM DESIGN AND ENGINEERING AVAILABLE
- PROFESSIONAL DESIGN, COLOR AND FINISHES
- TURNKEY SOLUTIONS FOR MANUFACTURING AND INSTALLATION
- MAINTENANCE AND RUST FREE
